**PETITION TO ACCEPT COLOR DRAWINGS
UNDER 37 C.F.R. § 1.84(a)(2)**

Sir:

Applicants respectfully petition under 37 C.F.R. § 1.84(a)(2) for the Patent and Trademark Office to accept color drawings in the above-referenced utility patent application for Figs. 2, and 4-7. Color drawings are believed to be the only practical medium to disclose Applicant's invention because the invention lies in part in obtaining color MRI images by a color coded system on a computer display. If Applicants were not allowed to file with color drawings it would be very difficult for the public to discern relative base pairing strength through various shades of gray. By way of illustration, attached hereto is a photocopy of Figs. 4 and 5. Comparing the attached photocopy of the drawings of Figs. 4 and 5 with the color drawings of Figs. 4 and 5 which Applicant petitions to submit herewith, makes it readily apparent that color is the only acceptable vehicle for fully disclosing Applicant's invention and for fully illustrating the utility of Applicant's invention. Accordingly, Applicants respectfully request granting of this petition to allow the filing of color figures for Figs. 2, and 4-7. Accompanying this petition are the following:

1. Three (3) sets of color photocopies of the complete set of color figures (Figures 2, and 4-7); and

U.S. PATENT & TRADEMARK OFFICE
WASHINGTON, D.C. 20503

2. A black and white photocopy of Figures 4 and 5 that accurately depicts, to the extent possible, the subject matter shown in the color drawings; and

3. A photocopy of page 9 of the specification filed herewith demonstrating that the specification includes the language set forth in § 1.84(a)(2)(iv).

The Office is authorized to charge the petition fee of \$130.00 as set forth in 37C.F.R. § 1.17(a) associated with this petition to deposit account No. 19-5117.

Respectfully submitted,
